Item Report (Admin, Updating the status of the item in the inventory if it is Lost, Found, or Registered)

The image shows a web application interface for an 'Item Report'. On the left is a dark blue vertical sidebar with five white icons: a grid, a list, a plus sign, a person, and a bell. The main content area has a light gray background. Centered in this area is a white rounded rectangle with a subtle drop shadow. At the top of this rectangle is the title 'Item Report' in bold. Below the title are five input fields, each with a label above it: 'Serial Number' (with a text input field containing 'Enter item serial number'), 'Status' (with a dropdown menu showing 'Select status'), 'Date of Lost' (with a date input field showing 'dd/mm/yyyy'), 'Date of Found' (with a date input field showing 'dd/mm/yyyy'), and a 'REPORT' button at the bottom.
